QUALITY TABLEWARE SINCE 1961

SUMMER 2018

Welcome,

to the Summer 2018 edition of Inspire by Harfield.

As a founding member of EPIQ, we now offer a much wider range of products than previously. EPIQ is all about European Partners Innovation and Quality. Within this Inspire you will see market leading quality products from Harfield, Roltex and August Lundh. These products are designed to delight your customers, improving their service, their presentation and their bottom line. Products that they can rely on and you can be confident in offering them to your customers.

The PURO and Wave trays featured are also made from 90% sustainable materials, again making them the most environmentally friendly tray on the market. This is something we know is of huge importance to today's consumers.

Our next edition will be out in Autumn 2018 and if you would like to reserve a copy for you or colleagues, please contact carolmoodie@harfieldtableware.co.uk

Following on from our Spring edition, the recycling and environmentally friendly aspect of our products is still just as important. All polycarbonate and copolyester products produced by Harfield and our EPIQ partners are recyclable and we would be happy to recycle them for you. Please contact us for more details on our recycling service.

Contact our friendly sales team:
